**Re: Notice of Discontinuance of Common Carrier Broadband Internet Access
Transmission Service, CC Docket No. 02-33**

Dear Ms. Dortch:

Pursuant to the Commission's *Wireline Broadband Order*,¹ Verizon hereby notifies the Commission that beginning on August 14, 2006, Verizon will no longer offer InfoSpeed DSL Solutions, InfoSpeed Premium DSL Solutions and DSL Over Resold Lines as common carrier services. These service changes affect all geographic locations in which Verizon makes DSL services available. Verizon intends to offer these services on a non-common carrier basis as permitted by the Order.

Consistent with the Order, Verizon notified affected customers on or before July 10, 2006 that beginning August 14, 2006, the Company would no longer offer InfoSpeed DSL Solutions, InfoSpeed Premium DSL Solutions and DSL Over Resold Lines on a common carrier basis. Consistent with the Order, the rates, terms, and conditions of these services will be provided under service agreements. Attached are copies of Verizon's customer notification letters.

Verizon is submitting a copy of this letter to the state public utility commission and the Governor of each state in which the sale of these services on a common carriage basis will be discontinued. A copy is also being sent to the Special Assistant for Telecommunications for the Department of Defense.

Should you have any questions about this matter, please do not hesitate to contact me.

Sincerely,

A handwritten signature in cursive script that reads "Susanne A. Guyer".
